### About the Accommodation

The Balinese place great importance on family and our houses are located amongst Balinese compounds, where you will get the chance to interact with local families and practice your newfound language skills. You can expect to share a room (dormitory style) on single gender basis.

If you select the private accommodation option, you will be given a private room with an attached bathroom.

Private villa option, you will have your own room, own toilet, own balcony and even your own kitchen. This is most suitable if you are expecting to spend some quality time all with your family. The number of people that can be accommodated in a private villa is four with kids.

### Food Arrangements

Indonesian food is tasty and diverse and you can expect to experience a myriad of flavors and meals during your stay. Typical dishes included mie goreng (fried noodles and vegetables), nasi goreng (fried rice and vegetables) or gado gado (mixed vegetables with a satay sauce). For those who do not eat meat, Indonesian cooking uses a lot of tofu and tempeh (soybeans), we also provide for some of western dishes. Breakfasts are varied and include pancakes, fresh fruit, toast etc. Tea, coffee and purified water is available at the house. We do not recommend that you drink the tap water.
